

STOP. THINK. CONNECT.

Stay safe online by taking the following steps:

*Think before you
click unknown links*

*Use multi-factor
authentication
whenever available*

*Create
complex
passwords*

*Share
information
with care*

*Keep software
and antivirus
up-to-date*

*Avoid free
public WiFi
networks*

*Always be cautious
about which sites you visit*

*Stay informed about the
latest attacks and scams*
